Learning Photoshop is essential if you work in a graphic design, web design, or user experience role. Whether creating flyers, brochures, or email newsletters, there is a need to know **Photoshop** for optimizing and retouching images. You can **learn Photoshop** even if you are a beginner with no previous experience.

Adobe **Photoshop** is a critical tool for designers, web developers, graphic artists, photographers, and creative professionals. It is widely used for image editing, retouching, creating image compositions, website mockups, and adding affects. Digital or scanned images can be edited for use online or in-print.
